*This Summary was prepared for the purpose of preliminary screening only and to assist you in deciding whether or not ordering a full Dossier is warranted. The screening results were arrived at by the use of the search string(s) referenced above. No attempts were made to expand or contract query language to broaden or limit findings, as would be the case if a full Dossier were to be ordered. Furthermore, no attempts were made to verify that the data is relevant to the particular expert in question in the event there is more than one expert with this name, as would also be the case if a full Dossier were to be ordered. Kindly note that final results may vary from the numbers mentioned in this Expert Witness Screener.
