DOAR

Affiliate Expert Program

For decades, DOAR has set the standard in trial and jury consulting—helping legal teams bring clarity and strategy to their most complex cases. Through the Affiliate Expert Program, we extend that same level of rigor and insight to expert engagement, connecting proven professionals with the nation's leading trial teams to strengthen arguments and improve outcomes.

DOAR represents world-class testifying experts who provide legal teams with strategic clarity and evidence-based insight on complex legal disputes across industries.

Our experts are trusted by leading law firms and corporate counsel for their credibility, discretion, and impact in high-stakes matters.

Our Core Values

PASSION

We love what we do and do what we love.

INTEGRITY

We take the high road and stay on it - ALWAYS.

QUALITY

We expect the highest standards at all times.

TEAMWORK

We work to bring the best people together to help our clients win.

CONVICTION

We stand by what we do and how we do it - no compromises.

INNOVATION

We constantly look for new creative ways to solve problems.

Program Overview

DOAR's Affiliate Expert Program brings together accomplished academics, industry executives, and former regulators whose insight informs the most complex litigation. Our experts are chosen to participate in our program based on their credentials in their chosen fields and their ability to communicate complex ideas clearly and effectively.

World-Class Experts

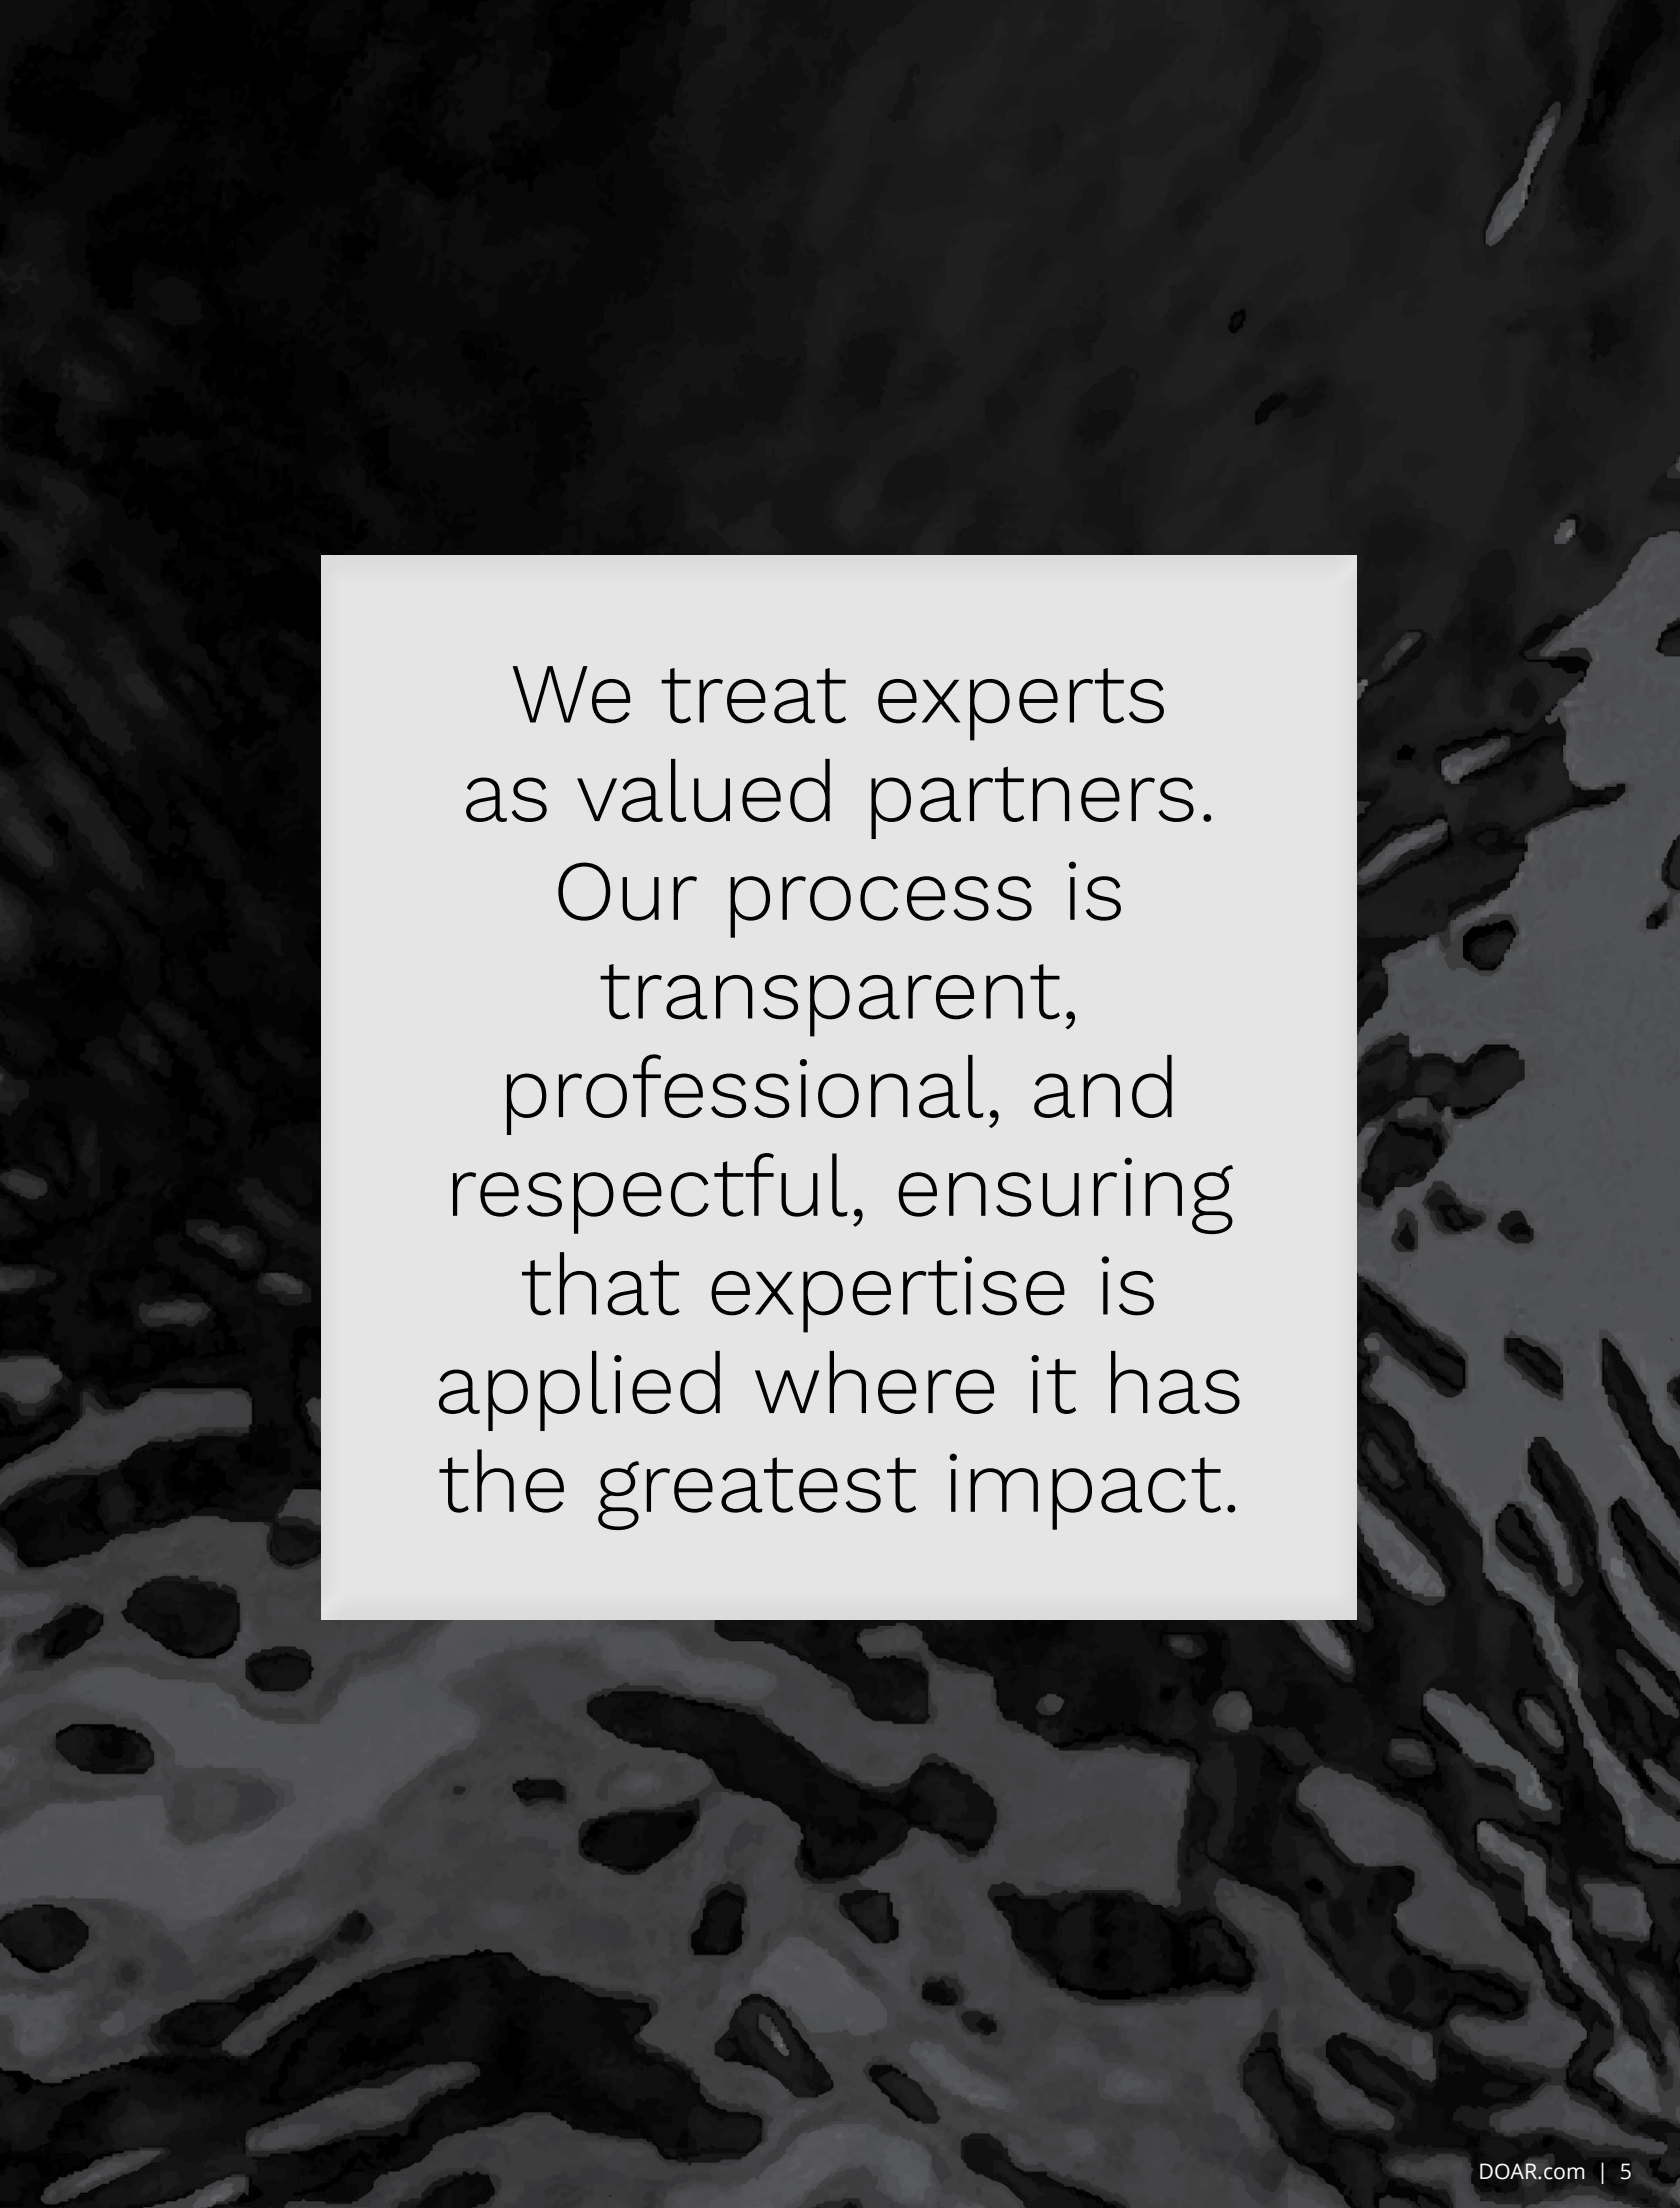

Our experts span a wide range of specialty areas across advanced technologies and life sciences. We cut through the noise of databases and resumes to identify experts who will truly strengthen the case, and our credibility lies in the certainty of our recommendations. We stand behind the experts we put forward because we know their track record and fit.

Promote Experience & Highlight Credentials

We understand that most experts have experience and unique knowledge relevant to various specialty areas. DOAR works hard to better understand our experts' proficiency across different subject matters to determine the best way to frame that expertise in the context of a particular matter. This allows our clients to see the true value that our experts can bring to their case, and enables us to highlight our experts' strengths in a way that best promotes them for matters for which they would not have otherwise been considered.

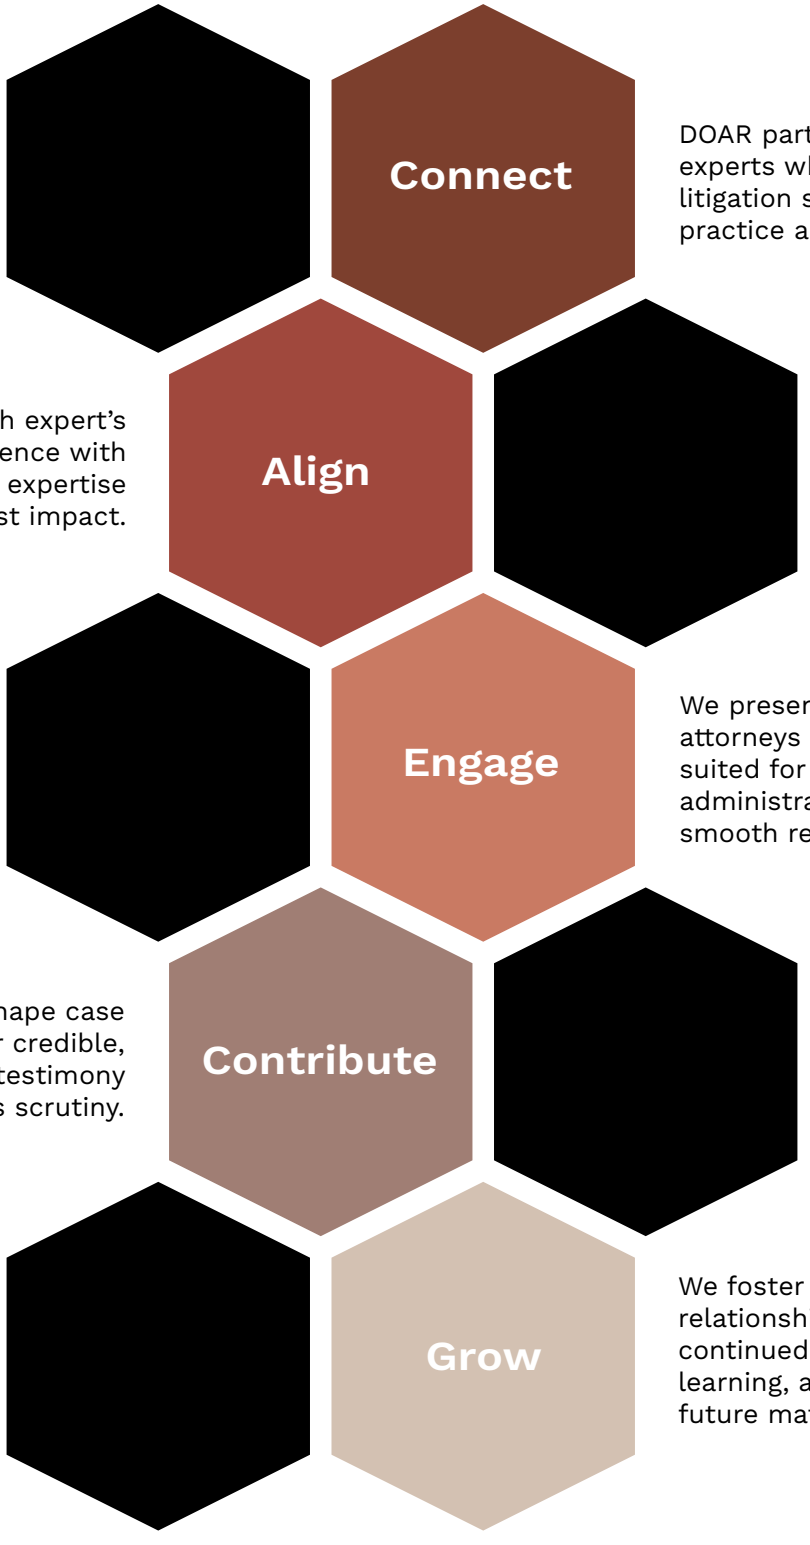

Due Diligence Assessments

DOAR conducts comprehensive due diligence to thoroughly vet each expert before recommendation to a legal team. This process identifies potential issues such as Daubert challenges, perceived conflicts, and prior testimony that could raise concerns during an engagement. By addressing these matters proactively with our experts, we ensure transparency and build trust with clients from the start. Our diligence also allows us to highlight each expert's prior testifying experience and relevant case history—insights that strengthen our recommendations and support successful placements. From the onset, our goal is to align the most qualified expert with each case, ensuring every engagement is productive, rewarding, and successful for both the expert and the client.

We treat experts as valued partners. Our process is transparent, professional, and respectful, ensuring that expertise is applied where it has the greatest impact.

Affiliate Expert Partnership Roadmap

DOAR partners with accomplished experts whose insight strengthens litigation strategy across key practice areas.

We match each expert's background and experience with matters where their expertise has the greatest impact.

We present our experts to attorneys on matters best suited for them and manage the administrative details to ensure a smooth relationship.

Our experts shape case strategy and deliver credible, evidence-based testimony that withstands scrutiny.

We foster long-term relationships, offering continued collaboration, learning, and visibility on future matters.

Dedicated to Your Success

At DOAR, we value the expertise our affiliates bring to complex litigation. Through this program, we create meaningful opportunities for collaboration with leading trial teams and provide the structure, preparation, and support necessary for success.

Our goal is to foster lasting professional relationships built on trust, clarity, and shared excellence—ensuring that every engagement reflects the high standards that define DOAR and the experts we represent.
